1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

I

1 SHORT TITLE

2 SECTION 1. This Act may be cited as the "Freedom
3 Commission Act".

4 CONGRESSIONAL FINDINGS AND STATEMENT OF POLICY

5 SEC. 2. (a) The Congress of the United States makes
6 the following findings and statement of policy:

7 (1) The United States in preparing to defend its
8 national interests in coming years faces grave and complex
9 problems in the nonmilitary as well as military areas.

10 (2) First and foremost are the problems raised by the
11 unremitting drives by the Soviet Union and Communist
12 China seeking world domination and the destruction of all
13 non-Communist societies. The Communist bloc and the
14 various Communist parties have systematically prepared
15 themselves to wage a thousand-pronged aggression in the
16 nonmilitary area. Drawing on their elaborate studies and
17 extensive pragmatic tests, Communist leaders have developed
18 their conspiratorial version of nonmilitary conflict into an
19 advanced, operational art in which they employ and orches-
20 trate an extraordinary variety of conflict instruments in the
21 political, psychological, ideological, economic, technological,
22 organizational and paramilitary areas enabling them to ap-
23 proach their immediate and long-range objectives along
24 many paths. This creates unique and unprecedented prob-
25 lems for the United States in a conflict that is being waged

1 in student organizations, peasant villages, labor unions, mass
2 communication systems, in city and jungle, and institutions
3 and organizations of every description, as well as in the
4 world's chancelleries. Recognizing that nonmilitary conflict
5 makes extraordinary demands upon its practitioners, the
6 Communists, for several decades, have intensively trained
7 their leadership groups and cadres in an extensive network of
8 basic, intermediate, and advanced schools. The Sino-Soviet
9 conflict capacity has been immeasurably increased by the
10 mobilization of research, science, industry, technology, and
11 education to serve the power-seeking ambitions of Com-
12 munist leaders rather than the needs of their people.

13 (3) Second, the problems of the United States are
14 complicated by the emergence of many new nations, the
15 unstable or deteriorating political, social and economic con-
16 ditions in many parts of the world, the revolutionary forces
17 released by the rising expectations of the world's people,
18 and other factors, all of which increase the difficulties of
19 achieving our national objectives of preventing Communist
20 penetration while seeking to build viable, free, and inde-
21 pendent nations.

22 (4) The nature of the Sino-Soviet power drive, the
23 revolutionary and fluid world situation, the emergence of
24 the United States as the major leader of the free world and
25 the need to deal with the people of nations as well as govern-

4

1 ments, has compelled the United States to employ many new
2 instruments under the headings of traditional diplomacy,
3 intelligence, technical assistance, aid programs, trade devel-
4 opment, educational exchange, cultural exchange, and
5 counterinsurgency (as well as in the area of related military
6 programs). To interrelate and program these present in-
7 struments over long periods already requires a high degree
8 of professional competence in many specialties, as well as
9 great managerial skill.

10 (5) However, the United States has fallen short in
11 developing and utilizing its full capacity to achieve its objec-
12 tives in the world struggle. Not only do we need to improve
13 the existing instruments, but a wide range of additional
14 methods and means in both the Government and private
15 sectors must be worked out and integrated with the existing
16 instruments of our policy. Otherwise, the United States will
17 lack the means to defeat many forms of Communist aggres-
18 sion and to extend the area of freedom, national independ-
19 ence, and self-government, as well as to attain other national
20 objectives. However, this will require an intensive and
21 comprehensive research and training effort first to think
22 through these additional methods and means, and, second, to
23 educate and train not only specialists, but also leaders at
24 several levels who can visualize and organize these many
25 instruments in an integrated strategy, enabling the United

1 States to approach its national objectives along every path
2 in accord with our ethic.

3 (6) There has been a tendency to look upon strategy as
4 a series of discrete problems with planning often restricted
5 by jurisdictional walls and parochial attitudes and too much
6 piecemeal planning to handle emergencies at the expense
7 of systematic, long-range development and programing
8 of the many instruments potentially available to us. While
9 there has been marked improvement in such things as
10 language training at agency schools, and while university
11 centers have made significant progress in area studies,
12 nowhere has the United States established a training pro-
13 gram to develop rounded strategists in the nonmilitary area
14 or even certain vital categories of professional specialists,
15 particularly in the area of political, ideological, psycholog-
16 ical, and organizational operations and in certain areas of
17 development work. Nor has the United States organized
18 a research program which can be expected to think through
19 the important additional range of methods and means that
20 could be available to us in the Government and private
21 sectors.

22 (7) In implementing this legislation the following re-
23 quirements for developing our national capacity for global
24 operations in the nonmilitary area should receive special
25 attention:

6

1 I. At the upper levels of Government, the United States
2 must have rounded strategists with intensive interdepart-
3 mental training and experience who understand the range of
4 instruments potentially available to us and who can or-
5 ganize and program these instruments over long periods in
6 an integrated, forward strategy that systematically develops
7 and utilizes our full national capacity for the global struggle.

8 II. Below them, Government personnel must be trained
9 to understand and implement this integrated strategy in all
10 of its dimensions. Through intensive training, as well as
11 experience, we must seek the highest professional compe-
12 tence in those areas of specialized knowledge required by
13 our global operations. Government personnel should have
14 an underlying level of understanding as to the nature of the
15 global conflict, the goals of the United States, and the vari-
16 ous possible instruments in achieving these goals to facilitate
17 team operations. We should seek to instill a high degree
18 of clan and dedication.

19 III. Foreign affairs personnel at all levels must under-
20 stand communism with special emphasis on Communist non-
21 military conflict technique. It is not enough to have experts
22 available for consultation. This is basic knowledge which
23 must be widely disseminated, if planning and implementa-

1 tion are to be geared to the conflict we are in. (The present
2 two weeks seminar offered at the Foreign Service Institute
3 is entirely too brief for even lower ranking personnel.)

4 IV. The private sector must understand how it can par-
5 ticipate in the global struggle in a sustained and systematic
6 manner. There exists in the private sector a huge reservoir
7 of talent, ingenuity, and strength which can be developed
8 and brought to bear in helping to solve many of our global
9 problems. We have hardly begun to explore the range of
10 possibilities.

11 V. The public must have a deeper understanding of
12 communism, especially Communist nonmilitary conflict tech-
13 nique, and the nature of the global struggle, including the
14 goals of the United States.

15 (8) The hereinafter created Freedom Academy must be
16 a prestige institution and every effort should be made to
17 demonstrate this is a major effort by the United States in a
18 vital area.

19 (b) It is the intent and purpose of the Congress that
20 the authority and powers granted in this Act be fully utilized
21 by the Commission established by section 4 of this Act to
22 achieve the objectives set forth in subsection (a) (7) of this
23 section. It is the further intent and purpose of the Congress

1 that the authority, powers, and functions of the Commission
2 and the Academy as set forth in this Act are to be broadly
3 construed.

4 DEFINITIONS

5 SEC. 3. As used in this Act—

6 (1) The term "Commission" means the Freedom Com-
7 mission established by section 4 of this Act; and

8 (2) The term "Academy" means the Freedom Acad-

12 MEMBERSHIP OF THE COMMISSION

13 SEC. 5. (a) Members of the Commission and the
14 Chairman shall be appointed by the President, by and with
15 the advice and consent of the Senate. Not more than four

18 Senate, the President shall set forth the experience and
19 qualifications of the nominee. The term of each member
20 of the Commission, other than the Chairman, shall be six
21 years, except that (1) the terms of office of the members
22 first taking office shall expire as designated by the Presi-

24 years, two at the end of four years, and two at the end of

1 six years; and (2) any member appointed to fill a vacancy
2 occurring prior to the expiration of the term for which his
3 predecessor was appointed shall be appointed for the re-
4 mainder of such term. The Chairman shall serve as such
5 during the pleasure of the President, and shall receive com-
6 pensation at the rate of \$20,500 per annum. Each other
7 member of the Commission shall receive compensation at the
8 rate of \$20,000 per annum. Any member of the Commis-
9 sion may be removed by the President for inefficiency,
10 neglect of duty, or malfeasance in office.

11 (b) No member of the Commission shall engage in
12 any business, vocation, or employment other than that of
13 serving as a member of the Commission.

14 ESTABLISHMENT OF THE FREEDOM ACADEMY; PRINCIPAL
15 FUNCTIONS OF THE COMMISSION AND ACADEMY

16 SEC. 6. The Commission shall establish under its super-
17 vision and control an advanced research, development, and
18 training center to be known as the Freedom Academy. The
19 Academy shall be located at such place or places within the
20 United States as the Commission shall determine. The prin-
21 cipal functions of the Commission and Academy shall be:

22 (1) To conduct research designed to improve the
23 methods and means by which the United States seeks its
24 national objectives in the nonmilitary part of the global
25 struggle. This should include improvement of the present

1 methods and means and exploration of the full range of ad-
2 ditional methods and means that may be available to us in
3 both the Government and private sectors. Special attention
4 shall be given to problems of an interdepartmental nature
5 and to problems involved in organizing and programing the
6 full spectrum of methods and means potentially available in
7 the Government and private sectors in an integrated, forward
8 strategy that will systematically develop and utilize the
9 full capacity of the United States to seek its national objec-
10 tives in the global struggle, including the defeat of all forms
11 of Communist aggression and the building of free, inde-
12 pendent, and viable nations.

13 (2) To educate and train Government personnel and
14 private citizens so as to meet the requirements set forth in
15 section 2 (a) (7) of this Act. The Academy shall be the
16 principal Government interdepartmental, educational, and
17 training center in the nonmilitary area of the United States
18 global operations. Authority is also granted to educate and
19 train foreign students, when this is in the national interest
20 and is approved by the Secretary of State.

21 (3) To provide leadership in encouraging and assisting
22 universities and other institutions to increase and improve
23 research, educational, and training programs attuned to the
24 global operational needs of the United States.

25 (4) To provide leadership, guidance, and assistance to

1 the training staffs of Government agencies handling United
2 States global operations, including training programs con-
3 ducted at oversea posts.

4 (5) To provide a center where officers and employees
5 of Government agencies, as well as private citizens, can meet
6 to discuss and explore common and special elements of their
7 problems in improving United States capabilities in the global
8 struggle.

9 STUDENT SELECTION; GRANTS; ADMISSION OF FOREIGN
10 STUDENTS

11 SEC. 7. (a) Academy students, other than Government
12 personnel, shall be selected, insofar as is practicable and in
13 the public interest, from those areas, organizations, and insti-
14 tutions where trained leadership and informed public opinion
15 are most needed to achieve the objectives set forth in section
16 2 (a) (7) IV and V. Persons in Government service com-
17 ing within the provisions of the Government Employees
18 Training Act may be trained at the Academy pursuant to
19 the provisions of said Act. All agencies and departments
20 of Government are authorized to assign officers and em-
21 ployees to the Academy for designated training.

22 (b) The Commission is authorized to make grants to
23 students and to pay expenses incident to training and study
24 under this Act. This authorization shall include authority
25 to pay actual and necessary travel expenses to and from the

1 Academy or other authorized place of training under this
2 Act. The Commission is authorized to grant financial as-
3 sistance to the dependents of students who hold no office or
4 employment under the Federal Government during the time
5 they are undergoing training authorized under this Act.
6 Grants and other financial assistance under this Act shall be
7 in such amounts and subject to such regulations as the Com-
8 mission may deem appropriate to carry out the provisions
9 of this Act.

10 (c) Foreign students selected for training under this
11 Act shall be admitted as nonimmigrants under section 101
12 (a) (15) (F) of the Immigration and Nationality Act (8
13 U.S.C. 1101 (a) (15) (F)) for such time and under such
14 conditions as may be prescribed by regulations promulgated
15 by the Commission, the Secretary of State, and the Attorney
16 General. A person admitted under this section who fails
17 to maintain the status under which he was admitted, or who
18 fails to depart from the United States at the expiration
19 of the time for which he was admitted, or who engages in
20 activities of a political nature detrimental to the interest
21 of the United States, or in activities in conflict with the
22 security of the United States, shall, upon the warrant of the
23 Attorney General, be taken into custody and promptly
24 deported pursuant to sections 241, 242, and 243 of the
25 Immigration and Nationality Act (8 U.S.C. 1251, 1252,

1 and 1253). Deportation proceedings under this section
2 shall be summary and findings of the Attorney General as to
3 matters of fact shall be conclusive. Such persons shall not
4 be eligible for suspension of deportation under section 244
5 of such Act (8 U.S.C. 1254).

6 INFORMATION CENTER

7 SEC. 8. The Commission is authorized to establish an
8 information center at such place or places within the United
9 States as the Commission may determine. The principal
10 function of the information center shall be to disseminate,
11 with or without charge, information and materials which will
12 assist people and organizations to increase their understand-
13 ing of the true nature of the international Communist con-
14 spiracy and of the dimensions and nature of the global
15 struggle between freedom and communism, and of ways they
16 can participate effectively toward winning that struggle and
17 building free, independent, and viable nations. In carrying
18 out this function, the Commission is authorized to prepare,
19 make, and publish textbooks and other materials, including
20 training films, suitable for high school, college, and com-
21 munity level instruction, and also to publish such research
22 materials as may be in the public interest. The Commission
23 is authorized to disseminate such information and materials
24 to such persons and organizations as may be in the public

1 interest on such terms and conditions as the Commission
2 shall determine.

3 DISCLOSURE OF INFORMATION

4 SEC. 9. Nothing in this Act shall authorize the dis-
5 closure of any information or knowledge in any case in which
6 such disclosure (1) is prohibited by any other law of the
7 United States, or (2) is inconsistent with the security of
8 the United States.

9 SECURITY CHECK OF PERSONNEL

10 SEC. 10. (a) Except as authorized by the Commission
11 upon a determination by the Commission that such action is
12 clearly consistent with the national interest, no individual
13 shall be employed by the Commission, nor shall the Com-
14 mission permit any individual to have access to information
15 which is, for reasons of national security, specifically desig-
16 nated by a United States Government agency for limited or
17 restricted dissemination or distribution until the Civil Serv-
18 ice Commission shall have made an investigation and report
19 to the Commission on the character, associations, and loyalty
20 of such individual, and the Commission shall have determined
21 that employing such individual or permitting him to have
22 access to such information will not endanger the common
23 defense and security.

24 (b) In the event an investigation made pursuant to

1 subsection (a) of this section develops any data reflecting
2 that the individual who is the subject of the investigation is
3 of questionable loyalty or is a questionable security risk, the
4 Civil Service Commission shall refer the matter to the Fed-
5 eral Bureau of Investigation for the conduct of a full field
6 investigation, the results of which shall be furnished to the
7 Civil Service Commission for its information and appropriate
8 action.

9 (c) If the Commission deems it to be in the national
10 interest, the Commission may request the Civil Service Com-
11 mission to make an investigation and report to the Commis-
12 sion on the character, associations, and loyalty of any indi-
13 vidual under consideration for training at the Academy, and
14 if the Commission shall then determine that the training of
15 such individual will not be in the best interest of the United
16 States, he shall receive no training under this Act.

17 (d) In the event an investigation made pursuant to
18 subsection (c) of this section develops any data reflecting
19 that the individual who is the subject of the investigation is
20 of questionable loyalty or is a questionable security risk,
21 the Civil Service Commission shall refer the matter to the
22 Federal Bureau of Investigation for the conduct of a full
23 field investigation, the results of which shall be furnished to
24 the Civil Service Commission for its information and appro-
25 priate action.

1 (c) If the President or the Commission shall deem it to
2 be in the national interest, he or the Commission may from
3 time to time cause investigation of any individual which is
4 required or authorized by subsections (a) and (c) of this
5 section to be made by the Federal Bureau of Investigation
6 instead of by the Civil Service Commission.

7 GENERAL AUTHORITY OF THE COMMISSION

8 SEC. 11. (a) In addition to the authority already
9 granted, the Commission is authorized and empowered—

10 (1) to establish such temporary or permanent
11 boards and committees as the Commission may from
12 time to time deem necessary for the purposes of this
13 Act;

14 (2) subject to the provisions of subsection (b) of
15 this section, to appoint and fix the compensation of such
16 personnel as may be necessary to carry out the functions
17 of the Commission;

18 (3) to conduct such research, studies, and surveys
19 as the Commission may deem necessary to carry out the
20 purposes of this Act;

24 (5) to make such expenditures as may be necessary

1 for administering and carrying out the provisions of
2 this Act;

3 (6) to utilize, with the approval of the President,

5 ment agencies and pay for such services, facilities, and
6 personnel out of funds available to the Commission under
7 this Act, either in advance, by reimbursement, or by
8 direct transfer;

9 (7) to utilize or employ on a full-time or part-time
10 basis, with the consent of the organization or govern-
11 mental body concerned, the services of personnel of any
12 State or local government or private organization to
13 perform such functions on its behalf as may appear
14 desirable to carry out the purposes of this Act, without
15 requiring such personnel to sever their connection with
16 the furnishing organization or governmental body; and
17 to utilize personnel of a foreign government in the same
18 manner and under the same circumstances with the
19 approval of the Secretary of State;

20 (8) to acquire by purchase, lease, loan, or gift, and
21 to hold and dispose of by sale, lease, or loan, real and
22 personal property of all kinds necessary for, or resulting
23 from, the exercise of authority granted by this Act;

8 (11) to utilize the services of persons on a tem-

13 (b) The personnel referred to in subsection (a) (2)
14 of this section shall be appointed in accordance with the
15 civil service laws and their compensation fixed in accord-
16 ance with the Classification Act of 1949, as amended, ex-
17 cept that, to the extent the Commission deems such action
18 necessary to the discharge of its responsibilities, personnel
19 may be employed and their compensation fixed without re-
20 gard to such laws. No such personnel (except such per-
21 sonnel whose compensation is fixed by law, and specially
22 qualified professional personnel up to a limit of \$19,000)
23 whose position would be subject to the Classification Act
24 of 1949, as amended, if such Act were applicable to such
25 position, shall be paid a salary at a rate in excess of the rate

1 payable under such Act for positions of equivalent difficulty
2 or responsibility. The Commission shall make adequate
3 provision for administrative review of any determination
4 to dismiss any employee.

5 GENERAL MANAGER OF THE COMMISSION

6 SEC. 12. The Commission is authorized to establish
7 within the Commission a general manager, who shall dis-

14 of \$18,000 per annum.

15 ADVISORY COMMITTEE

16 SEC. 13. (a) To assure effective cooperation between
17 the Freedom Academy and various Government agencies
18 concerned with its objectives, there is established an advisory
19 committee to the Freedom Academy (referred to hereinafter
20 as the "Committee"). The Committee shall be composed of
21 one representative of each of the following agencies desig-
22 nated by the head of each such agency from officers and em-
23 ployees thereof: The Department of State; the Department
24 of Defense; the Department of Health, Education, and Wel-

21

1 fare; the Central Intelligence Agency; the Federal Bureau
2 of Investigation; the Agency for International Development;
3 and the United States Information Agency.

4 (b) Members of the Committee shall elect a member
5 to serve as Chairman of the Committee. The Chairman shall
6 serve for such a term of one year. The chairmanship shall
7 rotate among the representatives of the agencies who com-
8 prise the membership of the Committee.

9 (c) No member of the Committee shall receive compen-
10 sation for his services as such other than that received by him
11 as an officer or employee of the agency represented by him.
12 Each member of the Committee shall be reimbursed for ex-

7 of the Freedom Commission and the Federal Academy;
8 and

9 (4) transmit to the President and to the Congress
10 in January of each year a report containing (A) a com-
11 prehensive description of the plans, programs, and activi-
12 ties of the Commission and the Academy during the
13 preceding calendar year, and (B) its recommendations
14 for the improvement of those plans, programs, and
15 activities.

16 (c) The Committee shall promulgate such rules and
